Emblem engraving

In an emergency, response personnel need to be aware of your loved one's critical medical information in order to treat them correctly. Their MedicAlert + Safe Return jewelry will be engraved with their member ID number and our 24-hour emergency response number to enable responders to assist your loved one immediately. To help assure you receive thorough, accurate treatment, the condition our trained staff deems most relevant to your medical needs in an immediate emergency treatment will be engraved on the jewelry.

Please note: Once your jewelry has been engraved and shipped, there will be an additional charge for any changes requested. Jewelry engraving is personalized to individual members and cannot be transferred to another individual, altered, sold or returned.
